

Remove unwanted whiskers and hair from muzzle

Safely remove long hair around eyes

Removes bot fly eggs

"It could not be any easier to groom your horse with these great little inexpensive razors. Even the scariest horses won't mind these. Makes grooming a breeze. I recommend you buy several to keep on hand. Excellent product." - Pete J.

"What a wonderful invention!!!!!!!!!!!!!! I have a horse that is terrified of clippers. She does not mind this product at all. What a lifesaver. Having a clean-shaven horse at all times is important in my sport (Dressage). I buy 6-10 and give them as gifts, what a deal..... They store easily in your grooming box and can be used over and over." - Samantha B.

Application:

The safe and silent razor for trimming. HorseShaves are an efficient way to remove unwanted hair from face and muzzle of any equine. When slightly dulled by use, it is a very effective tool for removing bot fly eggs.

The horse shave is a non-clogging stainless steel razor protected by a comb
Horse shave takes the pressure out of grooming
A 'must have" handy gadget for last minute touch ups
